11. On the Executive side the Regency Council held only one meeting as against the five of the previous year, all the business of the Regency Council on this side being done by circulation of the files to the members.

12. **Demarcation of Cooch Behar-Rangpur Boundary.**—The demarcation of the Cooch Behar Enclaves in the Rangpur District, and of the Rangpur Enclaves in the Cooch Behar State was completed in 1934-35. The completion report with maps submitted by the Boundary Commissioners was adopted by the Cooch Behar State and the Government in the year under report.

13. **Introduction of Rent Money Order System.**—To facilitate the payment of rent by the State subjects the Postal authorities were moved to sanction the introduction of the Rent Money Order System in the State. Extension of the system to this State was granted with effect from the 1st August 1935. This was duly notified in the *Cooch Behar Gazette*.

14. **Modification of Rules for grant of State Scholarships &c.**—Rule 3 under the head "General" of the Notification, dated the 31st January 1933 and published in the *Cooch Behar Gazette* of the 3rd February 1933, which restricted the grant of donations to scholars and stipend-holders, was deleted and some additions and alterations were made in the Scholarship Rules in the aforesaid notification so as to bring them more into conformity with the educational policy of the State.

**15. Christian Burial Ground at Mathabhanga.**—The Secretary, Swedish Mission, Cooch Behar, having prayed that a plot of land measuring 1 Bigha 6 Katha with an annual revenue of Rs. 5-3 in the Mathabhanga town might be acquired for a burial ground for Christians there, the Regency Council empowered the Revenue Officer of the State to acquire the land in question and to reserve it for the purpose aforesaid.

**16. Co-education.**—In addition to the existing number of lady students the Regency Council sanctioned the admission of 8 lady students—7 in the 1st year and one in the 3rd year classes of the Victoria College.

Two girl students were admitted into the Mathabhanga and another into the Mekliganj H. E. Schools, respectively, during the year under report.

**17. Relinquishment of State lands by B. D. R.**—During the year under report the Bengal Duars Railway authorities relinquished a plot of land measuring 1.01 acres to the State and the Naib Ahilkar, Mekliganj, took possession of the same.

**18. Land Revenue Policy of the State.**—To mitigate the hardships to the subjects of the State attributable to the prevailing economic depression, remissions of revenue were granted to the Jotedars and similar concessions were extended to all classes of undertenants. Extensions of time for payment of *Kists* were also granted. Of jotes in respect of which default had been made for many *Kists*, a small number were made Khas and brought under the Khas Mehal Department. The result of the policy followed has been on the whole satisfactory inasmuch as it gave relief to the Jotedars to some extent while the revenue collections of the State showed a marked improvement.

**19. Silver Jubilee of His Majesty the King-Emperor.**—To mark the happy occasion of His Majesty's Silver Jubilee the 6th and the 7th May 1935 were declared public holidays in the State and all the towns, as well as the State buildings at Debigunj and Benares, were illuminated. In a public meeting held on the 6th May in Cooch Behar town under the presidency of Rai Karali Charan Ganguli Bahadur, President of the Silver Jubilee Committee of the State, a Resolution was unanimously adopted in the following terms:—"The people of Cooch Behar, in a meeting assembled, express their humble and deep loyalty, and offer their respectful felicitations to His Imperial Majesty the King-Emperor on the happy occasion of the Silver Jubilee, and pray for His Majesty's long life and prosperity."

This Resolution was forwarded through the usual channel and in due course the following message signed by the Chief Secretary to the Government of Bengal was received by the President, Silver Jubilee Committee, Cooch Behar:—"Sir, your message of congratulation on the occasion of the Silver Jubilee of His accession to the Throne has been laid before His Majesty The King-Emperor, by whose Royal Command I am to convey to you His Majesty's thanks and to express His appreciation of the sentiments of loyalty and good will which prompted the message."

Jatra and Theatrical performances were held in all the towns for the public entertainment. Special Pujas were held in all the Thakurbaris, special prayers were said in the Mosques and the Churches in the State and *Sankirtan* parties paraded the streets invoking Divine blessings on His Majesty the King-Emperor. Sports were held for the College and School students and prizes distributed to them, after which they were treated to light refreshments. Alms were given to the poor and two wells were sunk and donations granted to institutions of public utility. There was also an essay competition for the College and School children.

The Durbar subscribed Rs. 10,000 to the All India Silver Jubilee Fund. 70 per cent. of the above subscription was refunded to the State, the total sum to be devoted to works of public utility.

**20. Preservation of Wild Life in India.**—An all India conference was held in Delhi in January 1935, to further the preservation of certain species of animals in India; the Cooch Behar State agreed that the species scheduled for protection in the adjoining provinces of British India should receive protection in the State also.

**21. Baroda Loan.**—The outstanding balance of the Baroda Loan,—Rs. 38,560 at the beginning of the year 1935-36, together with interest—Rs. 5,888, accruing up to the 20th January 1936, was remitted to Baroda State during the year under report in full satisfaction of the debt due to that State.

**22. Pooneah Ceremony.**—The Pooneah ceremony for the year 1342 B. S. was held on the 13th of May 1935 and the two succeeding days, and was performed with due ceremony by Rai Karali Charan Ganguli Bahadur, Revenue Officer of the State.

**23. Demise of His Majesty the King-Emperor**—The people of the State and the State authorities heard with the deepest regret and sorrow of the demise of His Most Gracious Majesty King George V, Emperor of India, which occurred at Sandringham at 11-55 p. m., on Monday, the 20th January 1936.

A Gazette Extraordinary was issued on the 22nd January 1936 closing all Courts, Offices, Schools and the College for the 22nd and 23rd January 1936 as a mark of respect for His late Majesty's memory.

A further Notification was issued in an Extraordinary Gazette, dated the 25th January 1936 closing all the Courts and Offices, Schools and the College for the 28th January 1936 on account of the funeral day.

Prayers were said in all Temples, Mosques and Churches of the State on the morning of the same date. All business was suspended on this date and the public put themselves into mourning. All Officers of the Police and the Military Forces were ordered to put on the usual black bands, while in uniform until further orders.

Alms also were distributed in all the Sub-divisions including the Sudder, Benares and the Chaklajat Estates.

## CHAPTER II.

### FINANCE.

The Audit Department was under the control of Lt.-Colonel J. A. Brett, C. I. E., Vice-President, Regency Council, from the beginning of the year till the 18th March, 1936, when on his retirement from State Service, the control of the Department was left with his successor J. D. Tyson, Esq., C. B. E., I. C. S., for the rest of the year under report. The direct and immediate charge of the Audit Office remained with Sreejut Sumatha Ranjan Majumdar, Audit Officer of the State.

2. The original Budget Estimate for the year 1935-36 was framed with a Revenue of Rs. 26,93,582 and an expenditure of Rs. 25,92,737 showing a surplus of Rs. 1,00,845. Subsequently when the Revised Estimate was prepared, it was found on the basis of actuals for the first seven months of the year that the Revenue had been, as usual, underestimated in many cases by the departments and it was therefore taken at Rs. 28,08,829 *i. e.* an improvement of Rs. 1,15,247 over the original Budget. Expenditure for the year was also scrutinised and was taken in the Revised at Rs. 27,91,265 against the original Budget of Rs. 25,92,737 showing an increase of Rs. 1,98,528 which is mainly due to (1) a provision of Rs. 1,28,500 being made in the Revised (under the head "50. His Highness' Installation") to cover the cost of His Highness the Maharaja Bhup Bahadur's investiture with full ruling powers and (2) to an extra provision under the head "Public Works" for certain new original works. As a result of these changes, the surplus was reduced to Rs. (1,00,845 + 1,15,247 - 1,98,528) = Rs. 17,564 in the Revised Estimate. The actual Revenue and Expenditure for the year 1935-36 brought to account were, however, Rs. 29,62,494 and Rs. 26,87,238, respectively, thus increasing the surplus to Rs. 2,75,256. The increase in Revenue was mainly due to better collections under the heads I.—Revenue Department, 21.—State Railway, 22.—His Highness' Estates—Chaklajat Estates" and to the windfall of Rs. 27,523 under the head 2—Excise, being the proportionate share of duty on matches received during the year from the Government of Bengal. The decrease in expenditure as compared with the Revised Estimate is due to savings under almost all heads—the noticeable savings being Rs. 47,626 under the head "50. His Highness' Installation" as some of the expenditure has been incurred during the current year, the investiture ceremony having taken place on the 6th April 1936.

3. The actual Revenue and Expenditure for the year under report and the important fluctuations under the various heads as compared with the figures of the preceding year are explained below :—

#### A.—REVENUE.

The Revenue for the year 1935-36 amounted to Rs. 29,62,494 against Rs. 28,63,847 in 1934-35 showing a net increase of Rs. 99,147 which is accounted for as follows :—

	Rs.
1. <i>Land Revenue</i> —Due mainly to improved collections under "Rents from Khash Mehals" (+ Rs. 43,038), under Miscellaneous (+ Rs. 8,814) and under Shairat (+ Rs. 2,579). There was however a decrease under "Land Revenue" (— Rs. 23,503) ... ..	+ 30,761
2. <i>Excise</i> —Due mainly to the receipt of the proportionate share of duty on matches from the Government of Bengal with effect from the year 1935-36 (+ Rs. 27,523). There were however small decreases under other sub-heads. ... ..	+ 25,016

50. *His Highness' Installation*—The actual expenditure in connection with His Highness the Maharaja Bhup Bahadur's investiture with full ruling powers during the year was only Rs. 80,874 against a provision in the Budget of Rs. 1,28,500 resulting in a saving of Rs. 47,626 which could not be expended within the year as the investiture ceremony took place on the 6th April, 1936 i. e. during the year 1936-37. + 80,874

4. The total receipts and disbursements of local funds during the year under report amounted to Rs. 1,40,523 and Rs. 1,06,080, the transactions resulting in a net surplus of Rs. 34,443. Thus, the local funds opened with a balance of Rs. 73,700 on the 1st April, 1935 and closed with a balance on the 31st March, 1936 of Rs.  $(34,443 + 73,700) =$  Rs. 1,08,143.

	Opening balance on 31st March, 1935. Rs.	Receipts during 1935-36. Rs.	Disbursements during 1935-36. Rs.	Closing balance on 31st March, 1936. Rs.

5. **Deposits.**—The total deposits of the Cooch Behar State during the year under report were Rs. 1,60,388, while the amounts repaid were Rs. 1,08,667 leaving debit balance of Rs. 2,279 which was met from the credit balance of Rs. 56,658 existing at the end of the year 1934-35. Thus the amount lying at the credit of the deposit account on the 31st March, 1936 was Rs. (56,658 - 2,279) = Rs. 54,379.

#### 6. Advances Recoverable.—

(b) In the Darjeeling Estate, advances to the extent of Rs. 11,677 were made during the year 1935-36, while repayments amounted to Rs. 18,769. Thus out of the balance of Rs. 7,407 recoverable at the end of the year 1935-36, a sum of Rs. 7,092 was also recovered in addition to the recovery of the entire sum of advances given during the year. The net balance recoverable on the 31st March, 1936 therefore stands at Rs. (7,407 - 7,092) = Rs. 315.

(c) In the Chaklajat Estates, advances to the extent of Rs. 1,00,085 were made during the year 1935-36, while repayments amounted to Rs. 82,270 leaving a credit balance of Rs. 17,815. This with the credit balance of Rs. 7,294 at the end of the year 1934-35 comes to Rs. (17,815 + 7,294) = Rs. 25,109.

(d) The total permanent advances in the Cooch Behar State and the Chaklajat Estates on the 31st March, 1936 were Rs. 8,050 and Rs. 1,993 respectively.

#### 7. Miscellaneous Accounts.—

(a) *Government of Bengal*.—During the year under report Rs. 15,90,006 was received and Rs. 15,60,111 was disbursed. Thus the account with the Government of Bengal which opened with a Cash balance of Rs. 4,68,937 on the 1st April, 1936 closed with a balance of Rs. 4,95,832.

(b) *Chief Accounts Officer, Eastern Bengal Railway*.—The balance at the end of the year 1934-35 recoverable from the Chief Accounts Officer, Eastern Bengal Railway, was Rs. 1,07,182. The gross earnings of the Cooch Behar State Railway during the year under report were Rs. 3,82,641 against which Rs. 1,97,193 was received from the Chief Accounts Officer in cash and Rs. 1,72,189 was charged as working expenses for the year 1935-36 leaving a balance of Rs. 13,259. Thus the total net amount recoverable from the Chief Accounts Officer, Eastern Bengal Railway, and accepted by him on the 31st March, 1935 was Rs. (1,07,182 - 13,259) = Rs. 1,20,441.

The total actual cash balance on the 31st March, 1936 amounted to Rs. 14,26,851 in the Cooch Behar Treasury and to Rs. 1,42,854 in the Chaklajat Treasury. The distribution according to the books of the Audit Office is shown below :—

3. **Land Revenue.**—(a) The current demand of Land Revenue for the year under report was Rs. 17,43,172 and the arrear demand including Rs. 5,713 due to settlements concluded in the year under report with retrospective effect and corrections effected in the Towji registers was Rs. 20,67,011 after exclusion of the majulan arrears for jotes made khas which were transferred to the Khas Mehal Department for collection together with decrease obtained for diluvion, acquisition of land &c. amounting to Rs. 3,07,349. The total demand thus amounted to Rs. 38,10,183. The total collection was Rs. 13,72,282 but as this amount includes excess payment amounting to Rs. 5,669 on account of future liabilities for Land Revenue the net collection for the year was Rs. 13,66,613. Remissions were granted for Rs. 1,37,714. The net amount credited against the total demand of Rs. 38,10,183 was thus Rs. 15,04,327 (Rs. 13,66,613 plus Rs. 1,37,714) leaving a balance of Rs. 23,05,856 for recovery. The following table compares the figures for the last three years :—

These figures do not include the demands and collections from Khas Mehals the details of which are shown in paragraph 4.

(b) From the details in Statements I and II appended to the report which refer to Māl and Debutter Land Revenue it will be seen that as compared with 1934-35 there was a gross decrease of Rs. 1,15,606 and a gross increase of Rs. 21,291 in the current demand or a resultant net decrease of Rs. 94,315. For facility of reference the different items of increase and decrease are shown in the following table :—

(c) The increase obtained by the resettlement of khas jotes, of khas and payasthi lands as also by assessment of holdings at frontage rate amounted to Rs. 4,611 against Rs. 21,855 of the previous year. The decrease amounting to Rs. 1,01,955 due to relinquishment, to jotes being made khas and to diluvion thus exceeded the increase by Rs. 97,344 and there was a net decrease of Rs. 94,315 which may mainly be attributed to jotes in arrears made khas as also to jotes relinquished which are transferred to the Khas Mehal Department for khas management.

(d) The collection for the year under report (Rs. 13,72,282) fell short of the current demand by Rs. 3,70,890 but increased by Rs. 98,214 over the average collections for the preceding two years and decreased over the collections for the previous year by Rs. 34,320. This decrease was due to reduction in demand for transfer of khas and relinquished jotes to the Khas Mehal Department. As shown in the table below, the percentage of total collection on current demand was higher during the year than that of the previous year by 2.17. As stated in the previous year's report, the comparatively high collection of the previous year was due to the facts that a large number of the jotes made khas at revenue sales were resettled or restored to the ex-jotedars on payment of the arrears of revenue and that the revenue sales for the defaults in the Falgoun Kist of 1340 B. S. took place entirely in the case of Mathabhanga Sub-division and partly in Sadar Sub-division in April, instead of March, 1934.

Of the unrecovered balance of Rs. 23,05,856 shown in the table in paragraph 3 above, Rs. 3,63,950 was due at the close of the year from the Estates under the management of the Court of Wards,

The following table compares the collections in each Sub-divisional Office during the last two years :—

(e) As shown in the table in paragraph 3 (a) the balance outstanding at the close of the previous year amounted to Rs. 23,68,646 while that brought forward in the accounts for the year under report was Rs. 20,67,011 showing a decrease of Rs. 3,01,635. There was a gross increase of Rs. 5,713 due to settlements concluded during the year under report with retrospective effect and rectification of mistakes and a gross decrease of Rs. 3,07,348 being the amount mainly due on account of transfer of majulan arrears for khas jotes to the Khas Mehal Department for realisation by certificate proceedings, rectification of mistakes and dilution resulting in a net decrease of Rs. 3,01,635 in the arrears. Out of the net arrears of Rs. 20,67,011, Rs. 1,37,701 was collected during the year under report and Rs. 3,090 was remitted leaving an unrealised balance of Rs. 19,26,239.

The amount remitted out of the arrear demand (Rs. 20,67,011) together with the amount written off out of the current demand (of Rs. 17,43,172) makes a total of Rs. 1,37,714 on account of remissions granted during the year due to the economic distress prevailing in the State.

(f) The total number of jotes shown on the Revenue Roll was 24568 against 24647 of the previous year. Although there was an increase in the number of jotes due to settlement there was a net decrease of 277 jotes due mainly to jotes made khas for non-payment of revenue and jotes relinquished. 21521 jotes were advertised for sale at different kists for arrears of revenue out of which 857 were actually sold. The number of cases in which sales were annulled was 174. The penalties realised amounted to Rs. 392 and Rs. 643 was due to auction purchasers under Sub-section 5 of Section XXVII of the Revenue Sale Act.

(g) There were 4355 cases under the Public Demands Recovery Act of which 1131 were disposed of and 3224 cases remained pending at the close of the year. Recoveries by this procedure amounted to Rs. 1,58,167 against Rs. 2,44,915 of the previous year.

(h) *Cooch Behar Town*.—The current demand of Land Revenue of the Town was Rs. 20,830 against Rs. 20,368 of the previous year showing an increase of Rs. 462 as detailed below :—

Together with the arrear demand of Rs. 8,839, the total demand amounted to Rs. 29,669, out of which Rs. 21,725 including an excess payment of Rs. 1,030, was collected and an amount of Rs. 187 was granted as remission leaving a balance of Rs. 8,787 at the close of the year against Rs. 8,267 of the previous year. Out of the total balance, Rs. 1,018 was out of the current demand and Rs. 7,769 out of the arrear demand. Of the total balance shown above a sum of Rs. 3,926 represents arrears due from the Court of Wards.

(i) *General Remarks*.—There was no appreciable improvement in the economic condition and prices of agricultural products except of jute and mustard seeds. The outturn of jute was however poor partly due to restriction of cultivation and mainly to unfavourable weather conditions. This year also a remission of Revenue amounting to Rs. 1,37,714 was granted to the jotedars. The rate of remission was annas two in the rupee of the current demand for 1342 B. S. conditional on payment by the dates of sale advertised in the State Gazette.

4. *Khas Mehal*.—The Department was under the control of the Revenue Officer of the State throughout the year. Srijut H. B. Biswas, M., A. B. L., Naib Ahilkar, was appointed Khas Mehal Officer and held direct charge from the 18th April, 1935 to the 31st March 1936. He was out on tour for 115 days and spent 78 nights in the interior.

2,643 jotes were under khas management during the year under report. The actual occupants of the soil were recognised as tenants directly under the State. The number of such tenants called Pattanis was 23,825 with an annual rent of Rs. 3,12,738. Together with the arrear demand of Rs. 79,658, the total demand for the year amounted to Rs. 3,92,396 against Rs. 1,46,202 of the year previous. There was one Tehsil Office in each Sub-division of the State. Since November 1935 two additional Tehsil offices for Mathabhanga and one for each of the Sub-divisions of Sadar, Dinhata and Tufangunj were established. The total collection of rent during the year amounted to Rs. 1,15,631 including an excess payment of Rs. 370 against Rs. 71,070 of the year previous. Out of the total collection, Rs. 33,125 was collected out of the arrear demand and Rs. 82,506 out of the current demand. Rs. 2,545 was granted as remission under Regency Council Notification dated the 9th April, 1935. The total balance at the close of the year was Rs. 2,74,590. An amount of Rs. 4,996 was realised during the year under report as miscellaneous collections including Salami and interest.

Out of Majulan arrears of Rs. 3,06,822 transferred to the Khas Mehal Department for realisation, a sum of Rs. 4,061 was realised during the year.

No case work had been started during the previous year. During the year under report 1,118 Certificate cases under the Public Demands Recovery Act, 530 Settlement cases, 205 Mutation cases and 101 Miscellaneous cases were instituted and of them 154 Certificate cases, 485 Settlement cases, all the Mutation cases and 82 of the Miscellaneous cases were disposed of. 840 Certificate cases were transferred to the Sub-divisional Officers. The number of processes issued was 4490.

**5. Crops and Condition of people.**—The rainfall registered during the year at the Sadar Station was 151·02 inches against 131·58 inches of the previous year and the normal rainfall of 154·90 inches. The statement given below shows distribution month by month:—

The weather conditions were not quite favourable to the growth of jute. Want of seasonable showers affected the growth of tobacco plants and resulted in the unsatisfactory outturn of the crop.

The price of common rice ranged from Rs. 2-12 to Rs. 3-8 per maund ; of mustard seed from Rs. 4 to Rs. 6-4 per maund; of jute from Rs. 4 to Rs. 5-4 per maund and of tobacco from Rs. 6 to Rs 8 per maund.

**6. Agriculture.**—The department was under the control of the Revenue Officer of the State throughout the year, the immediate charge being held by Srijut Gomaj Behari Basu, Agricultural Officer.

The Agricultural Officer was out on tour for 110 days and passed 54 nights in the interior and did demonstration and propaganda work mainly in connection with profitable substitute crops on economic basis.

Of Aus paddy 1 maund of Kataktara, 1 maund Dharial, and 1 maund of Bhutmari, of *Haimantic* paddy, 5 maunds of Indrasail, 10 maunds of Lotisail, 5 maunds of Dudsar, 6 maunds of Chinsura No. 2 and 1 maund 10 seers of Dudkhani, of jute seeds 8 maunds of D. 154 Capsularies jute seeds and 15 seers of Chinsura green and 25 seers of ground-nuts and 10 tolas of vegetable seeds, 2 maunds of Darjeeling Hill potato and 3 maunds of Maize for fodder and 2 maunds of bonemeal and 25 maunds of castor cakes for manure and 8 lacs of Co. 213 Sugarcane cuttings were sold to intending growers.

Demonstration areas were opened in the fields of the local growers for cultivation of improved varieties of Aus and Aman paddy and of jute. The outturns per bigha were larger than those of the local varieties.

320 bighas of land as against 110 bighas of the previous year were brought under sugarcane cultivation. All the Sub-divisions have now got some areas under C. O. 213 variety of cane. By speedy multiplication of the cuttings which has now become possible, it is hoped that at no distant date this new crop may count as one of the major crops of the State.

3 Crushing mills and 6 pans were let out on hire and 2 Crushing mills were supplied free to the new cane growers. Two other Crushing mills owned by the cultivators were also utilized for Crushing purposes and arrangements were made for demonstration of *gur* boiling.

In certain areas where crops were being damaged by insect pests, instructions for remedial measures were imparted to the cultivators. The advantages of growing manuring plants, vegetables and improved variety of fodder were also demonstrated in some places. The cultivation in all cases was done by local growers in their own fields under the instructions of the Agricultural Officer.

A total expenditure of Rs. 2,162 was incurred during the year against Rs. 2,393 of the year previous showing a decrease of Rs. 231 only. The

total receipt during the year was Rs. 83 only against Rs. 93 of the previous year showing a decrease of Rs. 10 only.

**7. Survey and Settlement.**—The annual inspection of the boundary pillars was not taken up this year also on account of economic depression. Arrangements are being made for inspection of the pillars in the year 1936-37.

The number of cases which remained pending with the Canoongoes at the end of the previous year was 232 and 2,248 cases were made over to them for enquiry. The total number of cases for enquiry was thus 2,480 against 2,235 of the previous year showing an increase of 245 cases. Enquiries were completed in 2,258 cases and 222 cases remained pending at the close of the year. The following table shows the number of cases enquired into in each Sub-division:—

Name of Sub-divisions.	Total for enquiry.	Number enquired into.	Number returned without enquiry.	Pending at the close of the year.

**8. Boundary Commission.**—The boundaries between the Cooch Behar State and the Rangpur district and of a few *chhits* were adjusted in the year 1933-34. In the following year 1934-35 the boundaries of the enclaves of the Rangpur district within the Cooch Behar State and of those of the Cooch Behar State within the Rangpur district were adjusted by the Boundary Commissioners by putting bamboo pegs at the sites of the proposed ferro-concrete pillars. The boundary of the Rangpur *chhit* situated in Taluk Putia Baramasia, sheet No. 1, Thak No. 495, Pergunah Lalbazar, Sub-division Mathabhanga which had been left out was taken up and adjusted during the year under report and all the bamboo pegs were replaced by ferro-concrete pillars.

The report of the commission has been accepted both by the Cooch Behar Durbar and the Government of Bengal. The final report of the commission regarding the main section of the Cooch Behar—Rangpur Boundary was printed and transmitted to the officials concerned.

**9. Revenue Cases.**—5705 cases were instituted during the year under report and 1552 cases were pending from the previous year. The total for disposal was thus 7257 of which 3350 cases were disposed of and 3907 cases remained pending at the close of the year under report. The increase in the number of the pending cases is due to the fact that more cases under the Public Demands Recovery Act were instituted during the year for recovery of majulan revenue of jotes made khas.

**10. Cases in which the State was a party.**—There was no case instituted during the year in which the State was a party.

**11. Nezarat.**—The following table compares the work done during the last 2 years:—

Year.	Process served free Of charge.	Process for realisation of arrears of revenue for which fees were realised afterwards.	Process for which fees had been realised.	Total number of processes.	Amount realised.	Expenditure.
					Rs. A. P.	Rs. A. P.
1934-35 ...	4,093	6,322	11,396	21,812	9,706 14 0	8,600 9 0
1935-36 ...	11,689	7,886	9,245	28,820	9,168 0 0	8,556 14 1

Thus it will appear that there was an increase of 7008 in the number of processes and the process fee realised decreased by Rs. 588-14-0. The decrease in the fee realised may be attributed to the decrease to the number of processes for which fees had been realised.

**12. Communication Improvement Cess.**—The current demand during the year under review was Rs. 1,924 against Rs. 1,943 of the previous year showing a decrease of Rs. 19 only. This was due to the resumption of a Petbhata holding belonging to Saraswati Isorani and a Brahmatter of Lokenath Goswami in the Dinbhata Sub-division. The arrears amounted to Rs. 1,630 against Rs. 1,312 of the previous year. The total demand was therefore Rs. 3,554 against Rs. 3,255 of the previous year. Rs. 2,296 was collected during the year under report against Rs. 1,655 of the previous year. The excess collections or collections made against future demands amounted to Rs. 32 against Rs. 30 of the previous year. The collection made during the year under report exceeded the current demand by Rs. 372. The balance left unrealised at the close of the year was Rs. 1,093.

**13. Cattle Pounds.**—The number of cattle Pounds in the State was 116 against 114 of the previous year. The Layaker Hât Pound in the Sadar Sub-division and another pound in Bhelakopa Part I, in Tufangunj Sub-division were established during the year under report.

The total collection was thus Rs. 11,791 against Rs. 11,270 in the previous year.

## CHAPTER IV.

### TREASURY.

The Department was under the control of Rai Karali Charan Ganguli Bahadur, B. A., B. C. S. (Retd.), throughout the year under report.

The direct charge of the Treasury was with Moulvi Ansaruddin Ahmad, B. A., from 1st April 1935 to 22nd May 1935 and from 12th July 1935 to the end of the year. Sreejut Dwijendra Chandra Sen, B. L., held charge from 23rd May 1935 to 11th July 1935.

The opening and closing cash balances in the year under report were Rs. 11,41,525 and Rs. 14,26,851 respectively as detailed below :—

		Opening balance. Rs.	Closing balance. Rs.
State	...	5,42,230	7,65,497

Government	...	4,68,937	4,98,831
Total	...	11,41,525	14,26,851

The total receipts and disbursements of the year were Rs. 44,79,395 and Rs. 41,94,069 against Rs. 43,70,433 and Rs. 44,12,195 respectively of the previous year. During the year under report the values of Currency Notes received and issued were Rs. 50,91,000 and Rs. 42,29,000 against Rs. 50,38,700 and Rs. 46,39,400 respectively of the previous year.

It will be noticed from Statement B that excepting an increase of Rs. 10,236-7-9 under service stamps and miscellaneous receipts, which is due to the introduction of the old practice of supplying the State offices with service stamps for price, there is a general fall which may be ascribed to decrease of litigation.

In the year under report the vacancy caused in the post of Treasurer by the resignation of Sreejut Shoilesh Chandra Mustaffi was filled up by the appointment of Sreejut Tarapada Talukdar.

A part of this amount *viz* ; Rs. 324 is covered by a Kistbundi bond and certificate proceedings have been started for the realisation of the balance.

4. Statement No. III appended hereto shows demands, collections, remissions and balances of Excise revenue for the year.

The variations under each head of revenue are explained below :—

(a) *Country Spirit*.—The total demand on account of license fee decreased from Rs. 58,649 in 1934-35 to Rs. 54,804 in the year under report due to decrease in the jama obtained in the last Excise settlement. The collections under fresh date palm juice (Tari) increased to Rs. 235 in the year under report from Rs. 200 in the previous year. 47 licenses were issued to vendors of fresh Tari at Rs. 5 for each license against 40 of the previous year.

(b) *Imported Spirit*.—The license fees amounted to Rs. 160 against Rs. 146 of the previous year. The increase is due to the opening of a new shop at Haldibari. There was a decrease in consumption from 64½ bottles in 1934-35 to 46½ bottles in the year under report with a corresponding decrease in duty levied upon this spirit from Rs. 24-3 to Rs. 17-7. 5. **Cost.**—The original budget provision for the year was Rs. 96,970 against Rs. 93,477 for the previous year, while the revised provision was Rs. 1,06,269. Ultimately the total expenditure amounted to Rs. 1,05,620-15-8 against Rs. 88,811-4-10 in the preceding year. The increase is chiefly due to the expenditure incurred departmentally on reconstruction of two thana houses and of four family quarters for Sub-Inspectors during the year under review. For this purpose an amount of Rs. 7,950 originally allotted to the Public Works Department for renovation and repairs to Police buildings was transferred to the Police Budget and an additional grant was made of Rs. 4,220 from departmental savings.

6. **Cognizable Cases.**—Taking classes I to V together, which include offences against property, the number of cases reported to the Police was 924 as against 830 in the previous year. The increase is due to the continued economic depression.

Under class VI, which includes local and special laws, the figures were 272 against 314 cases of the previous year.

Of the 1284 cases of all classes, including 88 pending from the previous year, 142 were refused enquiry while 1142 were investigated with the result that 405 were sent up for trial, 574 were returned as "true, undetected", 23 as "intentionally false" and 55 as "false, mistake of law" or "fact" or as "non-cognizable". 85 cases remained pending trial or under investigation at the close of the year.

7. **Proportion of Police to population and area.**—The following table shows the proportion of Police employed on purely Police work to population, and that of cognizable (police *suo motu*) cases investigated to population, during the last two years :—

Reports registered and investigated during the year was 845 of which 23 were declared maliciously false. In 3 of these the complainants were prosecuted under section 211 or 182 Indian Penal Code as against 6 such prosecutions during the previous year. ## CHAPTER XV.

### ELECTRICAL DEPARTMENT.

---

The Department was under the control of Lt.-Colonel J. A. Brett, C. I. E., Vice-President, Regency Council, up to 18th March, 1936 and under his successor J. D. Tyson, Esq., M. A., C. B. E., I. C. S., from 19th March, 1936, to the end of the year under report.

**Charge.**—Sreejut Nripendra Kumar Nag, B. Sc., ILL. (U. S. A.), A. I. E. E., Electrical Engineer, held charge of the Department throughout the year.

2. **Current supplied.**—During the year under report electric energy was supplied to the town including Nilkuti without interruption. The total amount of energy generated during the year was 2,09,977 units against 1,87,453 units in the previous year. The increase is accounted for by larger consumption by most consumers, State and private. There is reason to believe that in the case of some State and Town Committee institutions the increase is attributable to the existence or introduction of free supply or supply at a fixed nominal sum of electric current.

Extension of overhead lines by 6,300ft. was completed during the year in Bangchatra Road, part of Circular Road, part of Smith Road and in Haughton Street up to its junction with Nripendra Narayan Road.

The engines were thoroughly overhauled and have been running smoothly. Repairs to all kinds of Motors and Fans were carried out by the Department during the year. Repairs to ceiling fans of the State Press, Treasury, Revenue, Debutter and Malcutchery offices were heavy owing to damage due to leaky roofs.

Twenty-four new permanent connections were given as against 32 in the previous year.

3. **Water-works.**—The water-works were in operation regularly throughout the year, 3,73,65,000 gallons of water being supplied against 2,43,10,000 gallons in the previous year.

4. **Manufacture of Ice.**—Ice was regularly supplied to the authorised agent during the year and, under contract, a sum Rs. 1,500 was received for 1482 cakes of ice as against the same amount for 1533 cakes in the previous year.

5. **Finance.**—The total receipts of the year amounted to Rs. 27,179 against Rs. 28,802 in the previous year.

The original budget for the year was Rs. 44,547 against Rs. 45,982 in the previous year.

The actual expenditure amounted to Rs. 43,785 against Rs. 45,634 in the previous year.

The following table shows the incidence of current consumed :—

Name.	Yearly Consumption in K. W.	Assessment at usual rate.	Amount realised.	Cost of supply.
		Rs.	Rs.	Rs.
State Offices and Institutions	29,230	10,900	.....	3,670
Town Committee for Bazar	18,746	6,750	1,800	2,360
Town Committee street lighting.	44,054	16,500	6,414	5,500
Palace ...	40,040	14,900	.....	5,010
Private parties ...	31,711	11,600	10,982	3,990

The table gives an indication of the extent to which the receipts of the Department would be increased if the old practice of payment by State institutions for current consumed still obtained and if every unit of supplied energy was represented by a corresponding monetary receipt in the books of the Department.

The following statement shows the general abstract of annual expenditure for the year 1935-36 against that of 1934-35.

It will be seen from the foregoing table that these schools had, on the 31st March last, 1301 pupils against 1335 on the corresponding date of the preceding year, showing a fall of 34 pupils. The percentage of attendance, also, fell slightly from 87·0 to 86·7. The number of English-reading pupils decreased by 17 consequent on the fall in the roll strength. The number of girls attending these schools rose from 7 to 8 during the year. Of the total number of 1,301 pupils belonging to these 5 schools 1,056 were Hindus, 222 Mahomedans, 7 Christians and 16 were members of other communities. The corresponding figures of the preceding year were 1,090, 226, 5 and 14 respectively. The number of Cooch Behar pupils was 450 against 446, showing a rise of 4 pupils in spite of the fall in the strength.

The expenditure on these schools during the year under report amounted to Rs. 39,391 of which a sum of Rs. 12,165 was borne by the State, Rs. 22,821 was derived from school fees and Rs. 4,405 from other local sources. The corresponding figures for the preceding year were Rs. 38,383, Rs. 12,240, Rs. 21,351 and Rs. 4,792. It will be seen from these figures that the total cost on these schools increased by Rs. 1,008, the State paid Rs. 75 less while school fees increased by the noticeable amount of Rs. 1,470.

There were several important changes in the personnel of the staff of these schools during the year ending on the 31st March, 1936. Consequent on the abolition of the Vernacular Department attached to the Mathabhangs High English School from the 1st January, 1936, the services of two of the three teachers belonging to this department had to be dispensed with, while those of the third were transferred to the English Department. The proposal for opening Hygiene classes under the care of the local medical Sub-Assistant Surgeon has been approved by the Vice-President, Regency Council, and the University authorities have been moved in the matter, but their sanction has not yet been received. The post of the 7th Assistant teacher which had been kept in abeyance since 1922, was revived under orders of the Vice-President, Regency Council, in the General Department, and filled up by an M. A. from the middle of March. Again in the vacancy caused by the resignation of Sriyut Hem Chandra Dutta, the 1st Assistant teacher of the school, an appointment was made, but the new incumbent, who had the degrees of M. Sc., B. T., only held his post for 4 months and the vacancy remained unfilled at the end of the year.

In the Mekligunj High English School Sriyut Bankim Chandra Ray, B. A., the 1st Assistant teacher, was promoted to the post of Head Master which had remained vacant since October, 1934. Sriyut Surendra Lal Roy, B. T., Second Assistant teacher, was designated Assistant Head Master with an increased pay of Rs. 80 per mensem. The vacancy thus caused was filled by Sriyut Durga Charan Shamajdar M. A., who, after a few months' service, proceeded to the Teachers Training College, Dacca, on study leave, and had not rejoined by the end of the year. During his absence temporary

arrangements were made to continue the work of the school. The 5th Master having died towards the close of the year, the 6th Master, a graduate, was promoted to his post and an outsider was appointed to fill up the vacancy.

Srijut Gopal Chandra Chakrabarty B.A., Head Master, N. N. M. H. E. School, Tufangunj, had to proceed to Calcutta on three months' privilege leave and temporary arrangements were made to carry on the work during the latter part of his leave. Srijut Bhupendra Nath Ghose, M.A., B.T., Assistant Head Master of the school, also had to be on medical leave for about 5½ months and an outsider had to be taken temporarily to continue the work.

4. **Managing Committee.**—During the year under report, the following meetings of the 4 Sub-divisional High English School Committees were held—Dinhata 5, Mathabhanga 5, Mekligunj 6 and Tufangunj 8.

During the preceding year 73 candidates were sent up of whom 35 passed,—7 in the First division, 23 in the Second, and 5 in the Third.

It will appear from the foregoing table that the total number of Middle English Schools remained stationary at 26. Of these 24 were aided and 2 unaided against 25 aided and 1 unaided of the year before. The State grant to one of the less efficient schools of this class was withdrawn, while a new school was started at Baneshwar during the year. The total number of pupils on the rolls of these 26 schools on the 31st March last was 1,427, showing a gain of 7 pupils during the year. The demand for English Education was wide and persistent but the funds at the disposal of the department were hardly sufficient to meet it. Several institutions of lower status are expected to develop into Middle English Schools in the near future. The percentage of attendance improved from 75 to 76.6 during the year.

The expenditure on these schools amounted to Rs. 13,571 of which Rs. 7,217 was contributed by the State and the remainder (Rs. 6,354) by the local people. The corresponding figures for the preceding year were Rs. 14,371, Rs. 7,232 and Rs. 7,139. It will thus appear that the total cost fell by Rs. 800, the State's share in the fall being Rs. 15 and that of the people Rs. 785 due to the present economic condition.

The following comparative table shows the examination results of these schools in the Middle and the Primary examinations of the last two years :—

From the foregoing table it will be seen that 206 candidates were sent up from these schools to the several scholarship examinations—81 to the Middle English, 2 to the Middle Vernacular, 75 to the Upper Primary and 48 to the Lower Primary Scholarship Examination. Of these 8 only were absent and 169 came out successful, 83 in the First Division, 51 in the Second and 35 in the Third. The percentage of success was 83.2 against 82.6 of the year previous.

As in the previous years the number of Model Schools including the Sudder M. E. School continued to be 13. Of these 1 was a Middle English and the rest Middle Vernacular schools. The Sudder Middle English School serves as a Model of Middle English School in the State. Since its inception it has been steadily gaining in popularity as will be evident from the fact that there was an increase of 30 in the number of pupils and of Rs. 211 in the fee income during the year under the report. This influx of pupils to the school has made it advisable to open a fresh section necessitating the appointment of an extra teacher and a proposal for this purpose has been submitted for sanction.

The total number of pupils on the rolls of these 13 schools on the 31st March 1936 was 762, with an average daily attendance of 577. The figures on the corresponding date of the preceding year were 726 and 540 respectively showing an increase of 36 in the total number of pupils and of 37 in attendance. The percentage of attendance was 85.5 as against 78.9 last year.

The expenditure on these schools amounted to Rs 11,194 of which the State contributed Rs. 8,026 and a sum of Rs. 3,168 was realised as school fees. The corresponding figures for the preceding year were Rs. 10,821, Rs. 7,916 and Rs 2,905. The income from school fees showed an increase of Rs. 263 during the year.

These schools sent up to the several Scholarship Examinations 80 candidates of whom 61 passed. The figures for the preceding year were 72 and 59 respectively. The percentage of passes, however, fell from 83.0 to 79.2.

12. **Middle Vernacular Schools.**—The number of Middle Vernacular schools in the State including three special schools was 10 as in the previous year.

These 10 Middle Vernacular schools had on their rolls, on the 31st March, 1936, 536 pupils with an average daily attendance of 376 against 533 and 354

respectively of the previous year. The percentage of attendance therefore rose to 74.3 from 70.3 in the preceding year.

The total expenditure incurred for the up-keep of these schools amounted to Rs. 3,012 of which Rs. 1,779 was paid by the State and Rs. 1,233 came from local sources. The corresponding figures for the preceding year were Rs. 2,623, Rs. 1,745 and Rs. 878. The total expenditure, therefore, increased by Rs. 389 due to increase both in the State grant and in local contributions.

These schools sent up, during the year under review, 1 candidate to the Middle English, 7 to the Middle Vernacular, 18 to the Upper Primary and 35 to the Lower Primary Scholarship Examinations, and 55 of them were successful, 36 being placed in the first division, 11 in the second and 8 in the third. The percentage of passes was therefore 90.1 as against 85.3 of the previous year.

**13. Mahomedan Education.**—The total number of institutions for the exclusive education of Mahomedan pupils, during the year under report, including the Anjuman-i-Islamia, the Daribosh Junior Madrasa, the Sudder Madrasa and the Karishal Ekramia Junior Madrasa, was 26 against 30 of the previous year. Of these 19 were aided and 7 unaided. These schools had, on their rolls, on the 31st March, 1936, 936 pupils with a daily attendance of 663 against 1,043 and 701 respectively in the preceding year showing thereby a decrease of 107 in the number of pupils. This decrease is attributable to the fall in the number of unaided institutions due to lack of local support. The percentage of attendance, was, however, 72.7 against 71.6 of the year preceding.

The total expenditure incurred for the maintenance of the Institutions amounted to Rs. 4,289, the State's share being Rs. 1,374 and that of the people Rs. 2,915, as compared with Rs. 3,933, Rs. 1,336 and Rs. 2,627 in the preceding year.

The total number of pupils attending all the educational institutions under the department was 15,357 of whom 5,856 were Mahomedans against 14,505 and 5,312 respectively of the previous year.

The number of Mahomedan pupils in the State showed a noticeable increase as compared with that of the other classes inasmuch as of the total gain of 852 pupils, 544 were Mahomedans.

**14. Primary Schools**—The following table furnishes particulars of the Primary Schools as they existed on the 31st March, 1936 :—
